

Call for proposals: Boosting research

Application form

To be submitted by July, 8 2026

Documents to be included in the application file:

- The present application form **(English)**
- A structured scientific project presentation. This document must include scientific background information, project objectives, methodology, expected results (maximum 4 pages), and bibliographic references (up to 25) **(English)**
- A one-page resume of the applicant, and co-applicants if applicable (only for members of laboratories and TETECOUCO Network's Centers of Expertise) **(English)**
- The laboratory organizational chart (only for partner laboratory members) **(English or French)**
- The agreement letter from the host institution (or institution designated to receive the funding) in order to establish a funding agreement (see template on our website) **(French)**

All documents must be sent to the following email address: contact.tetecou@aphp.fr by **July, 8 2026**.

Project title

1 – Candidate information (principal investigator (PI))

Last name First name

Date of birth

Phone number 1 Phone number 2

Email address

Position

Work address

2- Co-applicants (if applicable)

Co-applicant 1

Last name First name

Phone number 1 Phone number 2

Email address

Position

Work address

Co-applicant 2

Last name

First name

Phone number 1

Phone number 2

Email address

Work address

Co-applicant 3

Last name

First name

Phone number 1

Phone number 2

Email address

Position

Work address

Additional co-applicants may be added on a separate file if necessary.

3– Rare Disease Center, Research laboratory and/or Patient organization of the principal investigator (and of the co-applicants if applicable)

1. Rare Disease Center

CRANIOST MAFACE MALO O-Rares SPRATON

Hospital, city

Name of Rare Disease Center coordinator

2. Research laboratory

Laboratory name

Name of team
coordinator

Research Unit

Institute

University

Address

3. Patient organization

Name of Patient organization

President

Address

Additional participating structures may be added on a separate file if necessary.

4 – Team members and collaborations

↪ Team members involved in the project

Last name	First name	Position	Email address

↪ **Other research (and/or medical and/or non-profit) team(s) expected to collaborate on the project (if applicable)**

Name of the medical or laboratory or patient organization team

Location

Involvement in the project

Name of the medical or laboratory or patient organization team

Location

Involvement in the project

Name of the medical or laboratory or patient organization team

Location

Involvement in the project

Additional collaborating teams may be added on a separate file if necessary.

5 – Host institution identification for the funding agreement

Institution name

Financial contact name

Email address Phone number

Address

6 – Research project presentation

Research type(s) :

- Clinical Epidemiological Fundamental
 Humanities and social sciences Translational

Project lay summary **in French** (project relevance for rare head, neck, and dental diseases, importance for patients, expected outcomes; maximum 2,000 characters including spaces)

Project lay summary **in English** (project relevance for rare head, neck, and dental diseases, importance for patients, expected outcomes; maximum 2,000 characters including spaces)

Project scientific summary (background, objectives, methodology, expected outcomes; maximum 2,000 characters including spaces)

Keywords (10 maximum)

Project relevance regarding rare head, neck, and dental diseases (maximum 500 characters including spaces)

If relevant, expected impact on the diagnosis and/or treatment of head, neck and dental malformations (maximum 500 characters including spaces)

Expected timeline and key milestones (maximum 18–24 months)

Detailed expected budget (if relevant and feasible, with supporting cost estimates, including any co-funding)

Total project cost (including taxes):

Budget requested from Filière TETECOUC (maximum €15,000 including taxes):

Estimated project expenses:

Purchases:

Staff:

Operating costs:

Potential co-funding(s) (names, requested and obtained amounts):

7 – Experts in the research field

Names and contact details of at least 2 recognized experts in the research field for the evaluation of the application:

Expert 1 :

Last name	<input type="text"/>	First name	<input type="text"/>
Email address	<input type="text"/>		
Position	<input type="text"/>		
Known link/conflict of interest with the project lead	<input type="text"/>		

Expert 2 :

Last name	<input type="text"/>	First name	<input type="text"/>
Email address	<input type="text"/>		
Position	<input type="text"/>		
Known link/conflict of interest with the project lead	<input type="text"/>		

Expert 3 :

Last name	<input type="text"/>	First name	<input type="text"/>
Email address	<input type="text"/>		
Position	<input type="text"/>		
Known link/conflict of interest with the project lead	<input type="text"/>		

Expert 4 :

Last name

Position

Known link/conflict of interest with the project lead

8- Authorizations and commitments

The project lead acknowledges having read all the “Boosting Research” call for proposals rules, agrees complying with them, and commits not to provide any incorrect, incomplete, or misleading information to the TETECOUC Network.

By checking the following boxes, during the project implementation and after its completion, the project lead agrees to:

- Inform the TETECOUC Network of any planned or obtained co-funding (name of the funder, amount);
- Notify the TETECOUC Network as soon as possible in case of any changes regarding the project implementation;
- Provide the documents requested by the TETECOUC Network (project description and/or informations, project progress, publications etc.);
- Indicate TETECOUC Network support in all types of project presentations (name and/or logo);
- Acknowledge TETECOUC Network financial support in publications resulting from this project as follows (in French or English, depending on the context):

« Ce travail a été soutenu par la Filière de Santé Maladies Rares TETECOUC, via un financement du Ministère de la Santé dans le cadre du Plan National Maladies Rares. » (French)

« This work was supported by the French Rare Disease Network for malformations of the head, neck and teeth (TETECOUC) through a funding of the French Ministry of Health within the framework of the National Plan for Rare Diseases. ». (English);

- Present project results during a TETECOUC Network “Research and Innovation” Day.

Failure to comply with this rule shall render the project lead and his team ineligible for future editions of this call for proposals.

Recommendation from the person in charge of the working organization (laboratory director, coordinator of the Rare Disease Center, president of the patient organization):
